

## **MARYLAND BOARD OF AIRPORT ZONING APPEALS**

### **Notice of Hearing**

The Maryland Board of Airport Zoning Appeals (BAZA) will hold a hearing on Monday, April 15, 2019. The hearing will begin at 10:00 a.m. in the Board Room of the Maryland Department of Transportation located at 7201 Corporate Center Drive, Hanover, Maryland 21076. The Board will hear the following case(s):

#### **Docket Number 414**

Northrop Grumman Corporation is proposing to utilize temporary crane operations at 1580 West Nursery Road, (West Quest Buildings B and A) Linthicum, Maryland 21090. These locations are approximately 7,800 feet and 8,000 feet respectively north of Runway 15R at Baltimore Washington Thurgood Marshall International Airport (BWI Marshall). The proposed height of the temporary crane at each location is 160 feet above ground level (AGL)/343 feet mean sea level (MSL). The temporary crane height will exceed the Code of Federal Regulations (FAR) Part 77, Objects Affecting Navigable Airspace by 50 feet at both locations. The Appellant has filed two "Determination of No Hazard to Air Navigation" applications (ASN# 2019-AEA-643 and 644-OE) with the Federal Aviation Administration. Code of Maryland Regulations (COMAR) 11.03.06.03 and 11.03.06.04 - Height Limits in Airport Districts enables the proponent to seek a variance from the Board of Airport Zoning Appeals (BAZA) for any proposed penetration of FAR Part 77. Therefore, the Maryland Aviation Administration will present BAZA Case 414 to the Board of Airport Zoning Appeals Monday, April 15, 2019 at 10:00 a.m.
